How to Facilitate Data Checking

Banders

- Enter capture data as quickly as possible

Resighters

- Click on the orange ? boxes and use amoywg.org
- Use the website to verify your resights
 - Drop-down menu, historical banding data, photos, etc.
- Excel template available for large batches of resights (more than ~25 records)

Projects

- Florida: annual survival estimates (Janell Brush)
 - Analyses for NFWF oyster restoration grant (look for emails from Janell before March due date!)
- North Carolina/Cedar Key: annual survival of known-age AMOY (Shilo Felton)
- North Carolina: sexing using DNA (Shilo Felton)
 - Estimate sex ratios and include in models
